SCHLAGE LiNK™ AT A GLANCE

OVERVIEW

Schlage LiNK™ is a mass-market home-management system that gives consumers a convenient and affordable way to self-monitor and control access to their homes 24 hours a day/7 days a week. The basic system includes a wireless keypad lock and is built around Z-Wave® technology, enabling homeowners to lock and unlock doors and control other Z-Wave-enabled devices from any computer and most Web-enabled mobile phones.

KEY FEATURES

- Convenient 24/7 monitoring and control allows homeowners to perform a variety of tasks from any location via a computer or cell phone:
 - Lock and unlock the door (deadbolt can only be unlocked)
 - Receive email or text alerts when access codes are entered into the door lock—an ideal feature for parents of latchkey kids
 - Keep a 90-day log to track who's coming and going and when
 - Easily set up and change entry codes (Schlage LiNK supports 19 codes)
 - Create temporary entry codes for a cleaning service, pet sitter, etc.
 - Check the door to see if it is locked, instead of returning home or calling a neighbor
 - Adjust temperature (with optional Trane® Remote Energy Management Thermostat)
 - See what's going on at home (with optional Schlage® camera)
 - Control lighting while away from home (the feature highlighted in two iPhone TV commercials)
 - Program the system to automatically turn on lights and adjust the temperature when a specific access code is entered
- Easy-to-use computer interface and mobile-phone applications
- Free mobile applications available for Apple iPhone, Research in Motion's BlackBerry, Android phones, devices running Microsoft's Windows Mobile 5 or higher and phones compatible with Java (J2ME)
- Safe and secure Internet communications via robust encryption technology (same type banks use to protect online transactions)

KEY BENEFITS

- No more worries about forgotten or lost keys
- Do-it-yourself installation makes it easy to set up a Z-Wave wireless ecosystem, enabling homeowners to remotely monitor and control a variety of home devices
- Text and email alerts provide peace of mind for working parents of latchkey children
- Can assign up to 19 entry codes so every family member has a unique code
- System can be expanded at any time and supports up to 232 Z-Wave-enabled devices, all covered under a single monthly subscription fee
- Conserve energy and lower utility bills with optional Trane thermostat
- See what's going on at home 24/7 with optional Schlage network camera

- Data stored for 90 days, providing a log of who entered your home, at what times and on which days
- Remote home-management service is affordable—less than 30 cents a day to monitor and control what’s going on at home while you’re away
